

## INSPECTION GUIDELINES AND OTHER PERMIT INFORMATION

### ALL PERMITS REQUIRE INSPECTIONS

A Certificate of Occupancy requires the following inspections **prior to issuance**.

\*\*All work permits must have a final inspection before a Certificate of Occupancy can be issued. \*\*

Use Type	Required Inspection
Restaurant <sup>1</sup> Carry-Out <sup>1</sup> Deli <sup>1</sup> Day Care <sup>2</sup> Swimming Pools <sup>1</sup> Grocery Store <sup>1</sup> Tavern/Bar <sup>1</sup> Schools <sup>1</sup>	Animal Care Facilities Old Age/Infirm Care Facilities Convalescent Home Rest/Nursing Home Tattoo Parlor <sup>1</sup> Large Day Care (inside of building) <sup>1</sup> Kitchens <sup>1</sup>
Offices Retail/Wholesale Stores Most Businesses	Beauty Salons Barber Shops Fire Department Building Inspection
<b>Multi-Family Dwelling</b>  <i>**Note: Baltimore City considers 3 or more dwelling units as a Multi-Family Dwelling**</i>	<b>Step #1 Fire Department Inspection</b> (4 or more dwelling units) <b>Step #2 HOUSING INSPECTION</b> Schedule your Housing Inspection by calling 410-396-4170 <b>Step #3 BUILDING INSPECTION</b> After your Housing Inspection is complete, schedule your Building Inspection online via E-Permits
Single Family Dwelling with more than 4 unrelated persons Single Family Dwelling (use unchanged) Home Office Trailers	Building Inspection

**All Electrical, Mechanical, Plumbing and H.V.A.C. & R. permits require a rough-in and a final inspection.**

#### Required Building Inspections

Decks	Footing; final
New Building/Addition	Footing; foundation; slab; framing; insulation; final
Alterations	Framing; insulation; final
Fencing/Temporaries/Signs	Footing (as needed); final
Razing	On-site consultation before permit is issued; <b>MUST</b> schedule inspector presence at start of demolition; slab remove; footing (if required); backfill; final

- Inspection shall be made on concrete slab and under-floor before any concrete is placed or floor sheathing installed, including sub-floor.
- Framing inspections shall be made after the roof deck or sheathing. All framing, fire blocking and bracing are in place and pipes, chimneys and vents to be concealed are complete and the rough electrical, plumbing, heating wires, pipes, and ducts are approved.

#### **PROPERTY REGISTRATION: 410-396-3575**

Every owner of a non-owner-occupied dwelling unit in Baltimore City must file a Property Registration Statement with the Housing Commissioner. For more information on property registration requirements please visit the website at <https://dhcd.baltimorecity.gov/pi/alarmproperty-registration>.

## Permit Information

- ✓ The building permit or copy shall be kept on the site of work until the completion of the project
- ✓ When issued a permit that required plans you must keep an approved set of the plans at the job site during construction
- ✓ The issuance of a permit does not prevent the Building Official from later requiring the correction of errors in any plans, drawing, work or operations
- ✓ Construction or work for which a permit is required shall be subject to inspection by the Building Official and such construction of work shall remain accessible and exposed for inspection purposes until approved
- ✓ Footing or foundation inspections shall be made after excavation for footings are complete and any required reinforcing steel is in place
- ✓ Inspection shall be made on concrete slab and under-floor before any concrete is placed or floor sheathing installed, including sub-floor
- ✓ Framing inspections shall be made after the roof deck or sheathing, all framing, fire blocking and bracing are in place and pipes, chimneys and vents to be concealed are complete and the rough electrical, plumbing, heating wires, pipes and ducts are approved
- ✓ The final inspection shall be made after all work required by the building permit is completed
