 4. The work was considered to be major but the applicant can establish to the satisfaction of the Building Official that the work should reasonably be considered minor work under the circumstances.
 5. The work was performed due to an emergency situation and permits were applied for within one business day of the work being initiated.
 6. The work was being performed under a permit that expired and an extension of that permit was issued.

F. Review of Request For Reduction of Surcharge

1. All complete and timely applications for reduction of a surcharge will be reviewed by the Building Official or the Building Official's designee.
2. Incomplete applications will be denied.
3. Late applications will be denied unless the applicant can demonstrate to the Building Official good cause for missing the application deadline.
